Pursuant to Article 450 of the CRR, Taaleri publishes the following details of personnel groups whose professional activities have a significant impact on its risk profile:

FIGURES FOR 2020 AT THE CLOSING OF THE BOOKS

<p>a) decision-making process used for determining the incentive scheme and the total number of meetings held by the primary body monitoring remunerations during the financial year, including details of the Remuneration Committee’s composition and authorisations, external consultants used in defining the incentive scheme, and the role of the relevant stakeholders;</p>	<p>Taaleri Plc’s Board of Directors approves the incentive schemes.</p> <p>The incentive schemes applied within the Taaleri Group are prepared by Taaleri Plc’s Remuneration Committee. The Remuneration Committee was chaired by Peter Fagernäs until 18 May 2020 and by Juhani Elomaa starting from 19 May 2020. Elina Björklund and Tuomas Syrjänen were members of the Remuneration Committee throughout the financial period. In the 2020 financial period, the Remuneration Committee convened three times.</p> <p>Taaleri Plc’s Audit Committee supervises the compliance of the remuneration systems. In the 2020 financial period, the Audit Committee convened nine times.</p>
<p>b) Information on the ratio of remunerations and results;</p>	<p>Remuneration is based on the achievement of set targets. The targets are both qualitative and quantitative.</p>
<p>c) More specific details on the structural characteristics of the incentive scheme, including information on the criteria used in assessing performances and risk-based changes to remuneration amounts, deferral practices and the payment criteria of remunerations;</p>	<p>Taaleri Group’s incentive scheme consists of operation-specific remuneration models and long-term remuneration systems. The operation-specific models are based on the operating profit margin, growth of profits, activity and qualitative criteria, for example.</p> <p>The variable components of remuneration, including any deferred portion, are paid, or the right to them only arises, if they are sustainable taking into account the overall financial status of Taaleri Group, and if they are justified based on the performance of Taaleri Group, the business unit or company making the payment and the employee in question. The criteria for reducing any remuneration based on risk or the conditions of reclaiming any remuneration are applied as specified in the remuneration system. If, during the financial period, fundamental changes occur within the company or its operating environment, the Board of Directors of Taaleri Plc may revise the remuneration system, even in the middle of the year.</p> <p>The remuneration of a person defined as a designated person will be deferred if the total amount exceeds €50,000. The remuneration of a designated person will be paid half in cash and half in the company’s shares. The deferred portion will be 40% of the total remuneration if the total remuneration amounts to less than one year’s fixed salary, and 60% of the total remuneration if the total remuneration exceeds one year’s fixed salary. The payment of the deferred remuneration will be distributed over the following three years.</p>

<p>d) Ratio between fixed and variable remuneration components set in accordance with Article 94(1)(g) of Directive 2013/36/EU;</p>	<p>On 29 March 2017, Taaleri Plc's Annual General Meeting approved that the variable component of remuneration cannot exceed 200% of the fixed component of remuneration.</p>
<p>e) Information on performance criteria applied to the granting of shares, options or other variable remunerations;</p>	<p>In the granting of shares, options and variable components of remuneration, personal performance is assessed based on key financials and qualitative criteria. In the granting of shares and options, the significance of the person's role and their commitment is also assessed.</p>
<p>f) Main parameters and rationale for any variable component scheme and any other non-cash benefits;</p>	<p>As a rule, all personnel are included in the system of variable components of remuneration. By way of exception, persons who, in accordance with the general principles of remuneration, are not included in the system of variable components of remuneration. Fringe benefits are determined according to the personnel procedures.</p>
<p>g) Aggregate quantitative information on remuneration by business area;</p>	<p>Remuneration by business area, 2020 (without indirect costs)</p> <p>Wealth Management/Fixed = €9,527,000 Wealth Management/Variable = €1,482,102</p> <p>Insurance/Fixed = €1,857,634 Insurance/Variable = €987,542</p> <p>Energy/Fixed = €2,666,000 Energy/Variable = €722,000</p> <p>Balance investments/Fixed = €2,626,000 Balance investments/Variable = €438,000</p>
